

# Community Design Workshop

Join Us to Share Ideas for Our City's Future  
in the 2016 - 2036 Comprehensive Plan Update

## When and Where:

Tuesday, December 15, 2015

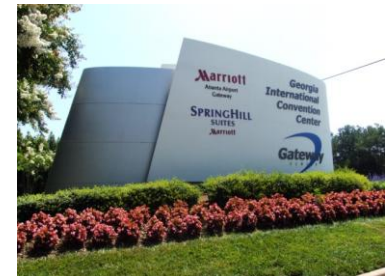

6:00 pm to 8:00 pm

Georgia International Convention  
Center, Salon 8

2000 Convention Center Concourse  
College Park, GA 30337

## How to get involved:

The City of College Park will host a Community Design Workshop to allow citizens and stakeholders the opportunity to discuss land use through a group mapping exercise, as well as provide input on community needs and opportunities. The purpose of the Comprehensive Plan is to lay out a 20 year road map for the city's development through a public process. The Plan is the framework of the community's vision for the future that addresses many issues such as community goals, needs and opportunities, land use, economic development, transportation, and housing.
